

## Timescales and Rates of Earth Processes

The Department of Geological Sciences at the University of Florida ([geology.ufl.edu](http://geology.ufl.edu)) invites applications for a full-time, nine-month, tenure-accruing position in timescales and rates of Earth and planetary processes at the Assistant Professor level with an anticipated start date of August 16, 2019. We are interested in candidates with the ability to quantify processes at short and/or long timescales. Applicants using quantitative calibrations of time including, but not limited to: geochronology/thermochronology, stratigraphy (magneto, isotope, chemo, cyclo, or bio), or modern observation systems are encouraged to apply.

We seek scholars with the desire to teach classes in their discipline at the undergraduate and graduate levels and who show evidence of strong research trajectories. The successful candidate will be expected to develop an active, externally funded research program that includes supporting and mentoring graduate students and will have a Ph.D. or complete the Ph.D. by August 15, 2019. The salary is competitive and commensurate with qualifications and experience and includes a full benefits package.

The Department of Geological Sciences resides in the College of Liberal Arts and Sciences and includes faculty with a wide range of expertise in solid Earth and planetary processes, surface processes, paleoclimate, marine geology, and paleontology. Resources include a range of modern analytical instruments including: MC-ICP-MS, TIMS, noble gas, and stable isotope mass spectrometers, SEM, EPMA, XRD, XRF, core analysis, magnetometers, GPS, and seismometers. Researchers also have access to the HIPERGATOR 2 high-performance computing cluster.

For full consideration, applications must be submitted online at <https://apply.interfolio.com/55844>. A complete application includes (1) a letter of application summarizing the applicant's qualifications, interests, and suitability for the position, (2) a complete *curriculum vitae*, (3) a statement on teaching and research goals, and (4) a list of at least **three** references. After initial review, applicants who are chosen to receive further consideration will be asked to request confidential letters of recommendation from the references. The Search Committee will begin reviewing applications on October 31, 2018 and the position will remain open until filled. Inquiries can be directed to the Search Committee Chair, Dr. Andrea Dutton ([adutton@ufl.edu](mailto:adutton@ufl.edu)).

All candidates for employment are subject to a pre-employment screening which includes a review of criminal records, reference checks, and verification of education. The selected candidate will be required to provide an official transcript to the hiring department upon hire. A transcript will not be considered "official" if a designation of "Issued to Student" is visible. Degrees earned from an educational institution outside of the United States require evaluation by a professional credentialing service provider approved by the National Association of Credential Evaluation Services (NACES), which can be found at <http://www.naces.org/>.

The University of Florida is an equal opportunity institution dedicated to building a broadly diverse and inclusive faculty and staff. The Department particularly welcomes applicants who can contribute to a diverse and inclusive environment through their scholarship, teaching, mentoring, and professional service. The university and greater Gainesville communities enjoy a diversity of cultural events, restaurants, year-round outdoor recreational activities, and social opportunities. Searches are conducted in accordance with Florida's Sunshine Law. If an accommodation due to disability is needed in order to apply for this position, please call (352) 392-2477 or the Florida Relay System at (800) 955-8771 (TDD).
