

CWSGR Progress to Degree Form: Health Disparities Minor

Use this form to monitor your progress through the minor and plan your course of study. Bear in mind that:

- All courses must be passed with a grade of “C” or better
- The minor requires 15 credits: the 3-credit WST2322 and WST4941c, and one course each from the three Tiers listed below
- At least three courses must be at the 3000-level or above
- If courses have caps or prerequisites set by the department that offers them, you may explain to the instructor that you are in the HDS minor and would like to enroll around those constraints, but being an HDS minor does not guarantee you admission to any class except the Core courses.
- Students may petition to have courses not listed in the standard offerings count to fill a requirement in a given Tier.
 - The petition form, and details on the petition process, are available on the HDS website: http://www.wst.ufl.edu/wst/undergraduate/minor_hd.php.
